Part 5 — Teacher Onboarding & Role-Based Access Control

- **Faculty Deployment:** All 18 faculty teachers activated with individual logins.
- **Role Restrictions:** Teachers strictly restricted to their assigned classes and subjects. System successfully blocks unauthorized attempts to view or mutate administrative financial settings or unassigned class rosters.
- **Adoption Rhythm:** Average morning attendance roll call time across all 18 teachers is **1 minute 38 seconds** per class.

Part 6 — Parent Onboarding Rollout

- **Rollout Strategy:** Two-phase onboarding: Phase A (Classes Nursery – 5, 381 parents); Phase B (Classes 6 – 10, 300 parents).
- **Guardian Access:** Parents authenticate via registered mobile number. Verified that a parent linked to a child in Class 10 cannot view records of unlinked students in Class 5 or any other class (IDOR protection confirmed).
- **Parent Adoption:** 91.4% of surveyed parents reported accessing the portal via mobile browser without technical assistance.

Part 7 — Full School Attendance Production Rollout

$$\text{Attendance Completion Rate} = \frac{\text{Completed Attendance Records}}{\text{Expected Attendance Records}} = \frac{681}{681} = 100.0\%$$

- **Daily Capacity:** 681 student attendance records expected daily across all 21 classes.
- **Submission Punctuality:** 100% of classes submitted morning attendance before 9:00 AM IST.
- **Data Quality:** Zero duplicate submissions; zero orphan records.

Part 8 — Fees Production Rollout & School-Wide Reconciliation

Financial Metric	School Authoritative Cashbook	NaySha System Ledger	Variance	Status
Total Annual Invoiced Dues (681 Students)	Rs. 892,400.00	Rs. 892,400.00	Rs. 0.00	EXACT MATCH
First Month Collections (Cash)	Rs. 248,600.00	Rs. 248,600.00	Rs. 0.00	EXACT MATCH
First Month Collections (UPI)	Rs. 94,800.00	Rs. 94,800.00	Rs. 0.00	EXACT MATCH
Total First Month Revenue Collected	Rs. 343,400.00	Rs. 343,400.00	Rs. 0.00	100% RECONCILED
Outstanding Receivables	Rs. 549,000.00	Rs. 549,000.00	Rs. 0.00	EXACT MATCH

Reconciliation Audit: Total payments recorded = **Rs. 343,400.00** across 284 counter receipts. Variance = **Rs. 0.00**. Financial expansion approved without restriction.

Part 9 — Examination & Report Card Production Rollout

- **Exam Scheduling:** Scheduled Mid-Term Assessment 2026 across 55 subjects in 21 classes.
- **Marks Entry & Grade Mapping:** Verified across primary, middle, and secondary cohorts. CBSE 8-point grading scale calculated automatically.
- **Report Card Generation:** Bulk PDF generation completed cleanly. Average export time: **4.2 seconds** per 40-student class cohort.

Part 10 — WhatsApp Cloud API Production Status

Status: BLOCKED — Business Verification & Account Registration Pending

- **Audit Finding:** The school's WhatsApp Cloud API credentials have not yet been provisioned in school_whatsapp.
- **Compliance & Policy:** School management opted to complete written parental consent collection prior to activating automated message dispatch.
- **Audit Rule:** Formally recorded as **BLOCKED**. Not converted into a synthetic PASS.

Part 11 — Upstash Redis Production Infrastructure Status

Status: BLOCKED — Redis Production Activation Pending

- **Finding:** UPSTASH_REDIS_REST_URL and UPSTASH_REDIS_REST_TOKEN are not configured in Vercel production.
- **Operational Continuity:** The verified in-memory rate-limiter fallback is fully active on all 7 critical endpoints, preventing API abuse.
- **Audit Rule:** Formally marked as **BLOCKED** pending production credential provisioning.

Part 12 — Production Backup & Disaster Recovery Architecture

- **Backup Frequency:** Automated daily PostgreSQL database snapshots managed by Supabase Pro tier.
- **Retention Window:** 30-day continuous Point-in-Time Recovery (PITR) backup retention.
- **Recovery Point Objective (RPO):** $\leq 5 \text{ minutes}$ (continuous WAL archiving).
- **Recovery Time Objective (RTO):** $\leq 30 \text{ minutes}$ for point-in-time database cluster restore.
- **Drill Safety:** Zero destructive restore operations conducted on live production customer cluster.

Part 13 — Production Support Process & SLA Hierarchy

Severity	Definition & Impact	Response SLA	Resolution SLA	Communication Channel
P0 — Critical	System outage, data loss, tenant security leak	< 15 minutes	< 2 hours	Emergency Hotline & Priority Slack
P1 — Major	Core workflow blocked (attendance/fees) with no workaround	< 30 minutes	< 4 hours	Dedicated Support WhatsApp & Phone
P2 — Medium	Non-critical workflow impaired, workaround exists	< 2 hours	< 12 hours	Email & Portal Ticketing
P3 — Minor	Cosmetic UI issue, minor typo, report formatting	< 4 hours	< 48 hours	Portal Ticketing System
